NASA iDRONE SUMMER CAMP 2023

June 12-15
9am - 4pm PT

6th - 8th
Grade Students

Sandpoint, Idaho
University of Idaho
Sandpoint Organic Agriculture Center

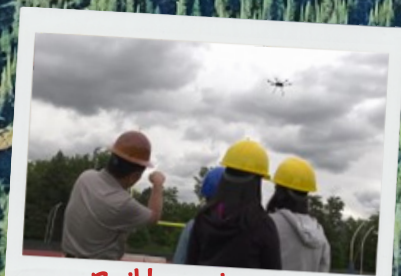

PILOT DRONES FOR FUN & RESEARCH *Free Admission!*

Drones, also known as UASs (Unmanned Aircraft Systems), are a new form of entertainment and used extensively for research and work projects.

In this four-day camp you will learn the basic DOs and DON'Ts of drone flying, how to build a drone, program with code, practice the basics of flying a drone, all while exploring the Little Sand Creek Watershed.

Learn from Experts

Build & Fly UASs

Hands-on Workshops
